Regarding the aforementioned matter, it was highlighted by A.O. and subsequently brought to my attention by the head office. Officials were requested to report on the specific Permit Bundle mentioned. However, due to the lapse of more than two months, no clear recollection exists. The Provincial Land Officer, B.L.C., who assisted the Provincial Land Commissioner, and the group that included M.I.M. examined the situation. Upon review, it was found that no work regarding Permit Bundle No. HL 46 73 under Section P/18 of the village division has been fully verified in the Land Department's records. Moreover, it was revealed that the computer system and other related documents do not contain the necessary information, and a letter has been sent to the Divisional Secretary regarding this matter.

Additionally, the present officers of the Ministry of Public Administration, Home Affairs, and Provincial Councils have confirmed that the office copy of the Permit Bundle and Ledger (HL 4673 including related records and documents) have been examined and verified. These can be found in the relevant documents,

Sir,

With reference to the application mentioned on the reverse side, regarding the Permit Bundle related to the section established within the land, it has come to our attention that, for over two months, the provincial land commissioner and his team visited our divisional secretariat to review all Permit Bundle copies and registration records under Section P/18. Upon inspection, it was found that the previously mentioned numbers and names in the Permit Bundle or Ledger did not exist within the specified area (Passari Chenai, Ullai), and nothing was found in the system or the older records reviewed by the Land department senior officer (C.C) and other officials.

However, after further inspection by the officers of the Ministry of Public Administration's investigation department, it was noted that the office copy of the relevant Permit Bundle was found in Book No. 83 on page 63. This document is now available in the divisional secretary's control. Additionally, I respectfully inform you that a case related to the appeal is ongoing in the Court of Appeal, and has been included in Wildlife Department's measurement.

Sir,

regarding the matter mentioned above, based on the reports submitted by A.O. and handed over to me by C.C., it was found that the document related to Permit Bundle No. HL 46 69 had not been located for two or more months. This year, the Provincial Land Commissioner (D.L.C.), along with the Deputy Land Commissioner, visited our office and inspected all the relevant records, including the village officer's records and files under your control. After examining the Permit Bundle of Section P/18 Grama Niladri Division Sinna Ullai and Ledger Bundles, it was found that no records related to Permit Bundle No. HL 46 69 exist, and nothing related was found in the registration documents or the computer system. Then A letter was sent to the Deputy Secretary and Commissioner of LCG, informing them that no such documents exist.

However, on the 5th of July 2024, officers from the Investigation Department of the Ministry of Public Administration and Home Affairs inspected the relevant documents at the Pottuvil Divisional Secretariat, and it was found that documents related to Permit Bundle No. HL 46 69 were clearly located in Book No. 83 on page 61, and the Ledger in Book No 44 on page 43. It is also reported that this Permit Bundle is currently involved in an ongoing court case in the Court of Appeal and is under review by the Wildlife Department's measurement process. This is respectfully brought to your attention for further action.
